Next Generation Investment

GenWOW Orlando helps transform girls' and women's lives through the connection of mentorship. Each year, the Foundation for OCPS partners with our district's leadership to host a day for high school girls and professional women leaders to hear encouraging speakers, interactive leadership and self-esteem activities, and start new relationships.

Your support means up to 700 girls from 26 OCPS high schools will gain a meaningful opportunity to grow core skills and thrive in the classroom and beyond!

Consider becoming a sponsor for the 2025 GenWOW Experience and uplift the next generation!
