

**Teacher Impact Grant
Sample Fundable Visual Arts Application**

Applicant Information

Teacher Name: Taylor Morgan

School: Creative Learning Academy

Grade Level(s): K-8

Subject Area: Visual Arts

Email: taylor.morgan@school.edu

Principal: Dr. Casey Brown

Project Snapshot

Grant Opportunity: Visual Arts Teacher Impact Grant

Project Title: Create, Inspire, and Express: Building Student Artists

Funding Request: \$3,000

Students Served: 150

Describe the student need your project addresses.

Students benefit from opportunities to express creativity, explore artistic techniques, and develop visual communication skills. Many students have limited access to high-quality art materials and authentic creative experiences that allow them to build confidence and showcase their unique perspectives. This project expands access to meaningful visual arts experiences that foster creativity, self-expression, critical thinking, and cultural awareness.

Describe your project and implementation plan.

Students will engage in a series of visual arts experiences that explore various artistic styles, media, and creative processes. Through drawing, painting, mixed media, sculpture, and design projects, students will develop technical skills while creating original works of art. Projects will be implemented throughout the school year and aligned with visual arts standards.

What will students learn, create, or achieve?

Students will develop artistic techniques, strengthen creative thinking, build confidence in self-expression, analyze visual works, and create original artworks that demonstrate growth and mastery of learned skills.

What real-world problem will students explore?

Students will explore how art can be used to communicate ideas, tell stories, celebrate culture, inspire change, and strengthen community connections.

How will students share their learning?

Students will showcase their artwork through exhibitions, school displays, digital galleries, community presentations, and family art events.

How will success be measured?

Success will be measured through artistic rubrics, student portfolios, reflections, participation data, teacher observations, and completed works of art. Goal: At least 85% of participating students will demonstrate growth in artistic skills and creative confidence.

How does this project increase access and opportunity?

The project ensures all students have access to high-quality materials, creative experiences, and opportunities to showcase their work regardless of financial circumstances.

How will the project be sustained?

Reusable materials and developed lesson resources will continue supporting students in future years and expand schoolwide visual arts opportunities.

If implementation changes become necessary, how will students still benefit?

Purchased materials will remain available for future instruction and can be incorporated into alternative art projects and exhibitions.

Additional Information for Reviewers

This project aligns with goals related to creativity, innovation, student engagement, communication, and well-rounded educational experiences.

Sample Budget

Item	Qty	Cost	Student Impact
Art Supply Kits	25	\$1,000	Hands-on artistic creation
Painting & Drawing Materials	1 Lot	\$700	Skill development and exploration
Display & Exhibition Supplies	1 Lot	\$400	Student showcases
Mixed Media Resources	1 Lot	\$500	Creative experimentation
Replacement & Consumable Supplies	1 Lot	\$400	Sustained artistic opportunities

Budget Narrative

Each budget item directly supports student artistic growth, creative exploration, and opportunities to create, display, and reflect on original artwork. Materials will provide lasting value and support meaningful visual arts experiences for years to come.
